Birds of Skagway, AK

area checklist compiled by the Skagway Bird Club

OBSERVERS _____

DATE _____ TIME _____

LOCATION _____

Located at the northern tip of the Lynn Canal, the Skagway and Taiya river valleys contain varied habitats typical of the coastal temperate rainforest of Southeast Alaska. However, the Skagway area also has valleys that lead quickly to mountain passes connecting to the boreal forests of the continental interior. In addition, Skagway receives only 25 inches average annual rainfall - rather dry for a rainforest. Due to this combination of relatively dry climate and proximity to the interior, many plants and animals from both the temperate rainforest and the boreal forests can be found in the Skagway area.

The 200 bird species in this checklist have been recorded in Skagway, with 63 present in the winter. Migrations usually peak during April and September.

(2010 update, revised March)

for birds recorded in Skagway since 2010, go to the Skagway Bird Club website, menu: tools-checklists > Skagway Bird Checklist

LOCATIONS: Please refer to the Skagway Trail Map, available for free at many locations. Many species find food and safety around town. Dyea's forests and tidal flats offer diversity and accessibility. Upper Dewey and Lost Lakes provide more remote quiet for freshwater species. Hillside trails, the Chilkoot Trail, Klondike Highway and the WP&YR railway ascend into alpine habitats.

CODES:

Sp = spring (Mar, Apr, May) S = summer (June, July) F = fall (Aug, Sep, Oct, Nov) W = winter (Dec, Jan, Feb)

C = common and expected in appropriate habitat
U = uncommon, may occur in small numbers
R = rare, expected annually but easily missed
I = irregular, not seen every year (may be cyclical)
+ = considered casual or accidental
- = not recorded
* = probable breeder
** = confirmed breeder

◇ = Please document sightings of these birds, or any sightings that would change the information on this list. Documentation should include species, number seen, date, location and observers. Photographs or detailed descriptions would be appreciated. Bring documentation to the Klondike Gold Rush NHP visitor's center at Second and Broadway Streets in Skagway, or mail to: Klondike Gold Rush NHP; PO Box 517; Skagway, AK 99840.
